

Intimate Care Policy

This policy applies to all staff undertaking personal care tasks with children but particularly to those who are in the Early Years and Foundation Stage. The normal range of development for this group of children indicates that they may not be fully toilet trained. In addition to this there are other vulnerable groups of children and young people that may require support with personal care on either a short, longer term or permanent basis due to SEN and disability, medical needs or a temporary impairment. Examples of these may be children who have limbs in plaster or are temporarily wheelchair bound.

Definition of Intimate care

Intimate personal care includes hands-on physical care in personal hygiene, and physical presence or observation during such activities. Intimate personal care tasks can include:

- body bathing other than to arms, face and legs below the knee
- toileting, wiping and care in the genital and anal areas
- dressing and undressing
- application of medical treatment, other than to arms, face and legs below the knee
- supporting with the changing of
